CAREER OBJECTIVE

To contribute as a Front-End Development and UX/UI Design OJT intern by building modern, responsive, and user-focused web interfaces using React, Angular, HTML, CSS, JavaScript, and Figma. Passionate about turning clean design into functional digital experiences and continuously improving through hands-on development and collaboration in real project environments.

FEATURED PROJECTS

Personal Portfolio Website <https://traventure-jet.vercel.app/>

Conceptualized the design in Figma, then developed a responsive portfolio using HTML, CSS, JavaScript, and Angular to showcase my projects.

Traventure <https://traventure-jet.vercel.app/>

Built a modern, responsive travel web application designed for intuitive navigation and a seamless user experience, with a focus on travel planning using React, Vite, HTML5, CSS3, and JavaScript.

PickleHub <https://pickle-hub-snowy.vercel.app/>

Built a modern travel web application designed to provide a seamless and engaging travel planning experience for users, focusing on responsive design and intuitive navigation using React, Tailwind CSS and Vite.

EXPERIENCE

Student Assistant (Dental Clinic) Holy Angel University

July 2025 – March 2026 | Jan 2025 – Mar 2025

- **Managed scheduling** for 20+ daily appointments and patient inquiries: Sharpening organizational skills and maintaining 100% accuracy in record-keeping.
- **Facilitated clinic sessions for 2 resident doctors:** Ensuring professional communication and a 15% increase in daily patient workflow efficiency.

Student Assistant (Center for Kapampangan Studies) Holy Angel University

April 2025 – June 2025

- **Led guided tours for groups of up to 50 plus visitors and managed the reception desk:** Enhancing public speaking and client-facing confidence.
- **Coordinated daily operations for 50+ visitor arrivals:** Demonstrating adaptability and strong teamwork in a fast-paced setting.
